THE PROBLEM

CRYPTO CAN FEEL LIKE A MAZE FOR NEWCOMERS.

- They don't know **where and how to start**
- They **lack fundamental knowledge** and understanding
- They perceive Crypto as **complex and intimidating**
- They have **concerns about the volatility** and other risks
- They worry about their **security**

THE SOLUTION

NAVIGATING CRYPTO? WE'RE MAKING IT EASY.

Beginners seek simple yet trustworthy platforms and reassurance from the crypto community. They require a **beginner-friendly environment** that is **educational** and **guiding**, but, above all, **secure** and **reliable**.

CRYPTOUNITY

START SIMPLE, STAY SECURE.

CRYPTOUNITY IS A PLATFORM, WHERE BEGINNERS BUY THEIR FIRST CRYPTO, COLD-STORE IT, AND LEARN AS THEY GO.

CryptoUnity is a beginner-focused exchange that guides users with educational content and support. With our **LEARN-AS-YOU-GO APPROACH**, users are seamlessly introduced to the crypto world.

Using an **INDEPENDENT & REGULATED CUSTODIAN** ensures secure and segregated holding of customer assets, which always remain safe and accessible.

An **INTEGRATED COLD WALLET WITH AN NFC CARD** provides a crucial aspect of decentralization that allows users to have full control over their funds.
